

# CSIR NEWS

VOL. 20

INDEX NUMBER

1970

Aacetanilide, manufacture	... 73
Active carbons, development	... 59
Aerated concrete from lime or fly-ash	... 15
<i>Alangium lamarektii</i> , alkaloids	... 83
Aluminium alloy anodes for cathodic protection	... 136
<i>Anethum graveolens</i> and <i>A. sowa</i>	... 143
ANNOUNCEMENTS	
Earthquake engineering, symposium	... 160
Electrochemistry, seminar	... 96
Heterocyclic chemistry, recent advances, seminar	... 120
Ionosphere-magnetosphere interactions, symposium	... 129
Molecular mechanism of drug action, symposium	... 128
Pressure vessel technology, symposium	... 168
Pumps, compressors, blowers and fans, symposium	... 192
Satellite meteorology, symposium	... 31
Upper mantle project, second symposium	... 64
ANNUAL REPORTS	
CBRI : 1969	... 140
CDRI : 1968	... 28

CSIR : 1969	... 122
CSMCRI : 1966-67; 1968	... 3; 69
NAL : 1968-69; 1969-70	... 68; 178
NCL : 1968-69; 1969-70	... 2; 162
NGRI : 1968-69	... 37
NIO : 1968-69	... 115
NML : 1968-69	... 147
NPL : 1967-68	... 53
RRL, Hyderabad : 1968-69	... 187
RRL, Jammu : 1969	... 147
RRL, Jorhat : 1967-68	... 28
SERC : 1969-70	... 101
SUTRA : 1969-70	... 116
SRTEE : 1968-69	... 10
<i>Anthocephalus indicus</i>	... 101
Anticorrosive paints	... 54
Applied X-rays, electrons and ions	... 63
Arceivala, S. J.	... 72
Argon-ion laser	... 145
Asbestos sprayer	... 56
<i>Asteracantha longifolia</i>	... 83
ATIRA technological conference	... 62
Benzonitrile from toluene	... 91
BITM popular science gallery	... 183
Boric acid from borax	... 186
Bricks from kallar soil	... 78

BTRA	
Daruwalla, E.H.	... 39
Elcofil sorter	... 119
Built-in lubrication process	... 159
C	
<i>Calophyllum</i> sp.	... 100
Canada balsam, substitutes	... 87
Carbohydrate metabolism	... 141
Carbon black from coal	... 87
<i>Cassia absus</i> , seed galactomannan	... 127
CBRI	
Aerated concrete from lime or fly-ash	... 15
Annual report : 1969	... 140
Anticorrosive paints	... 54
Asbestos sprayer	... 56
Bricks from kallar soil	... 78
Dual flushing cistern	... 56, 150
Heat flow transducer	... 39
Illumination climate in South East Asia	... 69
Manual scaffold hoist	... 56
Unit frame scaffolding	... 56
CDRI	
Annual report : 1968	... 28
New laboratories for Medicinal Chemistry, Biochemistry and Biophysics	... 19
Pathogenic helminths	... 79
Tissue lipids peroxidization, role in metabolic disorder	... 118
CECRI	
Annual report : 1968	... 85
Chromate primers	... 135
Electrochemical marking on metals	... 176
Electrochemistry, seminars	... 27, 96
Lead sulphide photoconductive cells	... 192
Nickel-cadmium cells	... 150
Perchlorates from NaCl	... 165
Radio-tracer laboratory	... 185
CEERI	
Integrated circuits	... 107
Vapour degreaser and photo-resist spinner	... 25
<i>Celsia coromandeliana</i>	... 101
Cement Research Institute of India : foundation-stone laid	... 57
CFRI	
Benzonitrile from toluene	... 91
Chemicals and oil from coal, symposium proceedings	... 20
Commercialization of processes	... 91
Conversion of coal to oil and gas	... 29
Formed coke, by auto-hardening	... 105
National Metallurgists' Day Award	... 7
Oxidation reactions of coal tar products	... 169
Smoke density indicator	... 78
Upgrading of small coal from Bisrampur colliery	... 162
CFTRI	
Annual report : 1968	... 47
Carbohydrate metabolism	... 141
Fungal pectinolytic enzyme	... 152
Insecticidal vaporant	... 192
Training courses	... 106
CGCRI	
Annual report : 1969	... 171
Dinnerware	... 90
Direct white enamelling of steel	... 146
Insulator bodies	... 90
Ion electrodes	... 35
Lepidolite (indigenous), glass and ceramic raw material	... 127
Chemical sterilization of red cotton bug	... 11
Chemicals and oil from coal, symposium proceedings	... 20
Chlorine tablets for water disinfection	... 104
Chowdhury, G.S.	... 152
Chromate primers	... 135
CIMPO	
<i>Anethum graveolens</i> and <i>A. sowa</i>	... 143
<i>Cissampelos pareira</i>	... 101
Clays for petroleum industry	... 90
CLRI	
Annual report : 1968	... 93
FAO training centre	... 8, 79
Mammalian intestines, processing	... 112
Resin fillers for leather	... 71
Shrinkage in collagen fibres, skins and leather	... 142
Syntan PKR	... 39
Tanners' get-together	... 80
Tannin extracts	... 172
CMERI	
Insecticide sprayer	... 14
Mechanical Engineering Bulletin	... 72
Non-destructive testing	... 16
Research and development for self-reliance in engineering industry	... 67
Testing and evaluation of engineering materials and products, facilities	... 49
CMRS	
Annual report : 1968-69	... 22
Coagulant aids	... 136, 144
Coal slack, continuous carbonization in fluidized bed	... 118
Community water supply, WHO conference	... 170
Composite pavement construction	... 169
Composition of tar acids from LTC of coal	... 36
Concrete additives	... 183
Conversion of coal to oil and gas	... 29
<i>Cosmos</i> sp.	... 100

<b>CPhERI</b>	
Annual report: 1966-67 & 1967-68; 1969	... 77; 141
Arceivala, S.J.	... 72
Chlorine tablets for water disinfection	... 104
Coagulant aids	... 136, 144
CPhERI Technical Digest	... 30
Low cost waste treatment, symposium proceedings	... 9
 <b>CRI</b>	
Efficiency of grinding in the manufacture of cement: a review	... 77
Foundation-stone laid	... 57
High strength concrete mix design: a case study	... 76
Non-destructive methods of testing concrete: a review	... 102
True ultimate strength of concrete under uniaxial and multiaxial stress systems	... 127
Crockmeter	... 81
 <b>CRRI</b>	
Annual report: 1968-69	... 86
Composite pavement construction	169
Riding quality of roads and runways	... 130
Strengthening of thin cement concrete pavements	... 54
Unevenness indicator	... 192
CSIR silver jubilee awards	... 40
 <b>CSIR SUPPORT TO RESEARCH</b>	
Adsorption of organic molecules at an ideally polarized mercury electrode	... 134
Aerodynamic interference of blades on cascade performance	... 174
Age determination of uranium concentration by fission track studies	... 175
Alkaloids from <i>Arundo donax</i> and <i>Abrus precatorius</i>	... 45
Arthropod fauna of suspended soils	... 103
Behaviour of concrete flexural members reinforced with Indian deformed steels	... 167
Beneficiation of sulphide minerals by froth flotation	... 190
Buckling of plates in plastic and strain hardening range	... 167
Characteristics of composite beams encased in concrete	... 5
Chemical investigations of xerophytic plants of Rajasthan	... 182
Chemiluminescent reactions: spectroscopic study	... 180
Chlorination of rock phosphate and solubilization without using sulphuric acid	... 168
Complex carbonates of transition metals and rare earths	... 31
Corrosion by condenser water	... 13
Critical states in binary liquid system: ultrasonic studies	... 181
Culture of organs and cells of <i>T. foenungraecum</i>	... 70
Determination and separation of noble metals	... 157
Development of block polymers	... 188
Development of mathematical models of hydrocyclones	... 14
Dissolution studies on ferrite recovery	... 189
Diversity of igneous rocks of Mundwara (Rajasthan)	... 175
Donor properties of oxygen, nitrogen and sulphur atoms in complexes of heavier and inner transition elements	... 181

<b>CSIR SUPPORT TO RESEARCH Contd</b>	
Dynamic behaviour of scooters	... 188
Effect of disturbances on laminar pipe flow	... 37
Effects of reverberation on concrete properties	... 168
Effects of ultraviolet light on amino acids	... 173
Electrochemistry of membrane electrodes in aquo-organic media	... 5
Electronic spectra of molecules	... 173
Electronic spectra of polyatomic molecules in near UV	... 180
Electronic structure of solids using Mössbauer effect	... 179
Emission and absorption spectra of polyatomic molecules	180
EPR spectroscopy of paramagnetic ions	... 38
Equatorial ionospheric F2-layer anomaly and the electrojet	... 103
Evolutionary pattern of enzymes involved in ascorbic acid bio-synthesis	... 182
Fast coordination reactions	... 157
Finite element analysis of couple stresses and diffusion and stochastic processes	... 189
Finsler spaces	... 149
Frequency feedback phase locked oscillators	... 135
Geochemical and economic studies of refractory minerals	... 157
High resolution spectra of diatomic molecules	... 180
Hyperfine fields study using perturbed angular correlation technique	... 174
Improving concrete strength by mild steel wire reinforcement	... 84
Inter-action relationship between reinforced concrete members under combined bending and torsion	... 13
Khondalite series of Salur-Bobbili area	... 158
Kinetics of hydrogen chemisorption by Elovich equation	... 95
Light scattering and Raman effect and temperature variation of directional properties of crystals	... 179
Load distribution in torsionally stiff interconnected skew bridge girders	... 174
Lunar tides in equatorial sporadic-E ionization	... 70
Mechanism of reduction of chromite single pellets	... 189
Metal chelates with phenanthrene-quinone derivatives	... 148
Metal complexes of N-hydroxy compounds	... 181
Mixed ligand-metal complexes	... 181
Molecular complexes	... 173
Monochromatic gelatin filters	... 149
Morphology and histology of brain of cyprinoid fish	... 111
Mössbauer studies of some iron compounds	... 31
Motional states of polar impurities in solid state matrices	... 179
Multiple input system models for a basin for estimation and forecasting of floods	... 189
Multiple-phase flow of fluids through porous media	... 188
Nature of metal-sulphur bond	... 4, 70
New uses of mica	... 149
New research schemes 1970-71	... 137
Nuclear structure studies in Hartree-Fock representation	... 175

<b>CSIR SUPPORT TO RESEARCH Contd</b>	
Optical, electrical and semi-conducting properties of polymers	... 173
Optical properties of metals and alloys	... 180
Organic excimers, dimers and dimer ions	... 173
Paleomagnetic studies of newer dolerites and iron ore formations of Singhbhum	... 157
Petrology, genesis and economics of titanium bearing vanadiferous magnetites	... 157
Phosphofructokinase	... 5
Physics of colloidal plasmas and M.H.D. power generation	... 182
Polarographic and spectral aspects of biomolecules	... 5
Pre-breakdown phenomenon in gaseous dielectrics in non-uniform fields	... 148
Pre-reduction of manganese ores for ferro-manganese smelting	... 4
Pressure drop in two-phase two-component flow	... 189
Promotion of dropwise condensation of steam	... 188
Radioactivity and rare gases in thermal springs of India	... 85
Redox polymerization	... 148
Relaxation processes in dielectrics	167
Residual stresses and fatigue effect in grinding of flat plates	... 84
Reversible and irreversible processes at dropping mercury electrode in aqueous and non-aqueous media	... 167
Role of vitamin B <sub>12</sub> in thyroxine synthesis	... 84
Sensitized explosive reaction by oxidation and halogenation	... 157
Solitary and cnoidal waves in fluids	... 111
Spectroscopic and optical studies of crystals	... 191
Spectroscopic and quantum chemical studies on biologically important molecules	... 173
Studies in proximity spaces	... 191
Surface boiling on different metallic surfaces: application in design of heat exchangers	... 188
Technology of thin film devices	... 180
Thermal properties of mould materials	... 14
Three-dimensional stress distribution in end blocks of pre-stressed beams	... 174
Trans-esterification studies	... 158
Transformations of terpene hydrochlorides	... 94
Tubular graphite electrode for polarographic measurements	... 149
Ultimate strength of two-way post-tensioned concrete slabs under static loading	... 167
Wall jets and wall wakes in hydraulic engineering	... 174
<b>CSMCRI</b>	
Annual report: 1966-67; 1968	... 3; 69
Boric acid from borax	... 186
Evaporation and crystallization of sodium chloride in dynamic conditions	... 156
Ion-exchange membranes	... 119
Molasses distillery spent wash liquor, recovery of potassium salts	... 120
Potassium chemicals from sea-water	... 146

**CSMCRI Contd**

- Recovery of marine salts from sea bittern ... 186  
 Sea-water: a supplemental source of irrigation ... 164  
 Solar Energy Working Group, proceedings of second meeting ... 97  
 Solar salt characteristics ... 117  
 Culture of essential oil and medicinal plants, get-together ... 27

- D**aruwalla, E.H. ... 39  
 Development of lamp industry, NPL's role ... 18  
 Dielectric investigations on solid and liquid mixtures ... 156  
 Diffusion in solid state ... 110  
 Dinnerware ... 90  
*Diospyros melanoxylon* ... 101  
 Direct white enamelling of steel ... 146  
 Directors' conference ... 114  
 Domestic fuel from coal ... 119  
 Dual flushing cistern ... 56

- E**lectrochemical marking on metals ... 176  
 Electrochemistry, seminars ... 27, 96  
 Electronic desk calculator ... 155  
 Elcofil sorter ... 119  
 Evaporation and crystallization of sodium chloride in dynamic conditions ... 156  
 Executive councils, chairmen's conference ... 113

- F**AO Training Centre at CLRI 8,79  
 Fatty acids and their esters ... 36  
 Ferrites, high permeability ... 44  
*Ficus glomerata* ... 101  
 Formed coke, by auto-hardening ... 105  
 Fungal pectinolytic enzyme ... 152

- G**alactomannan of *Cassia absus* seed ... 127  
 Governing Body, proceedings of 56th meeting ... 129

- H**andbook for ultimate strength design of reinforced concrete members ... 132  
 Heat flow transducer ... 39  
 Helium-neon laser ... 65, 145  
 Heterocyclic chemistry, recent advances, seminar ... 120  
 High altitude automatic mixture corrector ... 184  
 Hydrogenation of soap solutions ... 79

- I**iem  
 Alkaloids of *Alangium lamarckii* ... 83

- IIP**  
 Clays for petroleum industry ... 90  
 High altitude mixture corrector ... 184  
 Internal combustion engines: fuels and lubricants requirements, seminar ... 52  
 Micro-reactor unit for catalytic activity and reaction mechanism studies ... 177  
 Spark advance indicator ... 126  
 Illumination climate in South East Asia ... 69  
 Indo-Soviet agreement on scientific projects ... 33  
 Industrial fermentations, symposium ... 74

- INSDOC**  
 CSIR library services ... 116

**INSDOC Contd**

- Documentation and reprography training ... 26, 120  
 Family Planning Briefs ... 116  
 Microfilm reader-cum-xerographic printer ... 167  
 Panel of scientific translators ... 72  
 Insecticidal vaporant ... 192  
 Insecticide sprayer ... 14  
 Insulator bodies ... 90  
 Integrated circuits: CEERI's work ... 107  
 Internal combustion engines: fuels and lubricants requirements, seminar ... 52  
 International Geotechnical Conference ... 183  
 International Hydrological Decade ... 31, 170  
 International Solar Energy Conference ... 82  
 Invention award to Sasmira ... 23  
 Ion electrodes ... 35  
 Ion-exchange membranes, improvements ... 119

**IPIRI**

- Joseph George ... 64  
 Recent trends in wood products, symposium ... 153  
 Isocyanates and polyureas from pentadecenyl phenol ... 152

- K**attha substitute from commercial black cutch ... 184  
 Krishnan memorial lecture ... 42

- L**amps, lighting fittings and colour glass industries ... 17  
 Lead sulphide photoconductive cells ... 192  
 Lepidolite (indigenous), glass and ceramic raw material ... 127  
 Limestone beneficiation ... 97  
 Low cost waste treatment, symposium proceedings ... 9

- M**ammalian intestines ... 112  
 Man-made textile industry's preference for different yarns, Sasmira's survey ... 82  
 Manual scaffold hoist ... 56  
 Microcrystalline cellulose ... 143  
 Microfilm reader-cum-xerographic printer ... 167  
 Microreactor unit for catalytic activity and reaction mechanism studies ... 177  
 Molasses distillery spent wash liquor, recovery of potassium salts ... 120  
 Molded articles, particle boards and hardboards from cellulosic and lignocellulosic material ... 152  
 Mössbauer studies of  $\text{SnO}_2$ :  $^{57}\text{Fe}$  and  $\text{Al}_2\text{O}_3$ :  $^{57}\text{Fe}$  systems ... 6  
*Murraya koenigii* ... 83

**NAL**

- Annual report: 1968-69; 1969-70 ... 68; 178  
 Electronic desk calculator ... 155

**NBG**

- Anthocephalus indicus* ... 101  
*Aspidiaceae* (sensu Copeland) ...  
 Polystichoid and Thelypteroid ferns ... 100  
*Calophyllum* sp. ... 100  
 Canada balsam, substitutes ... 87  
*Celsia coronandeliana* ... 101

**NBG Contd**

- Cissampelos pareira* ... 101  
*Cosmos* sp. ... 100  
*Diospyros melanoxylon* ... 101  
*Ficus glomerata* ... 101  
 Kattha substitute from commercial black cutch ... 184  
*Pithecellobium dulce* ... 100  
 Pollen grains of Indian Thalimflorae ... 92  
 Rose oil distillation unit ... 87

**NCL**

- Acetanilide manufacture ... 73  
 Annual report: 1968-69; 1969-70 ... 2; 162  
*Asteracantha longifolia* ... 83  
 Diffusion in solid state ... 110  
 Isocyanates and polyureas from pentadecenyl phenol ... 152  
*Murraya koenigii* ... 83  
*Papaver somniferum* ... 83  
 Polar monomers, polymerization using vanadium based Ziegler-Natta catalysts ... 92  
 Recent advances in heterocyclic chemistry ... 161  
 Shellac-polyester urethane compositions ... 135  
 Thermistor composition ... 143  
 Ultrasonic interferometer ... 34  
 Neurotoxins ... 12  
 New laboratories for Medicinal Chemistry, Biochemistry and Biophysics ... 19

**NGRI**

- Annual report: 1968-69 ... 37  
 Research in mining geophysics ... 1  
 Trend recognition in geoscientific problems ... 47  
 Nickel-cadmium cells ... 150

**NIO**

- Annual report: 1968-69 ... 115  
 Indian Ocean plankton atlas ... 102

**NML**

- Annual report: 1968-69 ... 147  
 Cathodic protection, aluminium alloy anodes for ... 136  
 Limestone beneficiation ... 97  
 Non-ferrous metals technology, symposium proceedings ... 63, 133  
 Structure of electrodeposited manganese ... 10  
 Non-destructive testing ... 16  
 Non-ferrous metals technology, symposium proceedings ... 63, 133
